8.	<b>Enforcement Category</b> <i>( Mandatory/ Recommended)</i>	Mandatory
9.	<b>Creator</b> <i>(An entity primarily responsible for making the resource)</i>	Expert Committee for Metadata and Data standards for Person Identification and Land Region Codification, under the Chairmanship of Mr. D.K Sikri, former Special Secretary & Registrar General of India
10.	<b>Contributors</b> <i>(An entity responsible for making contributions to the resource)</i>	Refer section 9.0 of the document for list of contributors
11.	<b>Brief Description</b>	<p>Semantic interoperability among e-Governance applications requires that precise meaning of exchanged information is understood across applications. There is a need for commonly accepted data definitions for the various elements used in Governance systems. Hence, standardization of data elements is the prerequisite for systematic development of e-Governance applications.</p> <p>Once the data standards are in place, there is a need to manage data, information, and knowledge. Metadata of standardized data elements can be used for this purpose.</p>

S. No.	Data elements	Values
		This document identifies and standardizes <b>Generic data elements common across all domain applications, Generic data elements for Person Identification and Generic data elements for Land Region Codification</b>
