

Proforma
for Publishing of Standards Documents on e-Governance Standards Portal
(To be filled-in by the initiator of the request for publication)

1.	Title of the Document	Interoperability Framework for e-Governance (IFEG) in India
2.	Type of document (Tick the appropriate one)	Framework
3.	Category of Publication (Tick the appropriate one)	Draft Document for Public review
4.	Brief Description about the Document - objective/ Scope - brief outline of Contents - expected impact on e-governance applications (please limit to 250-300 words)	<i>This document provides the overarching framework (IFEG) required to achieve interoperability among e-Governance applications. After a brief Introductory chapter setting the context, it addresses in detail the current scenario and challenges at each layer (Organizational, Semantic and Technical) and makes specific recommendations in the respective chapters on how to address them. It then has a chapter on Governance of IFEG which proposes required organizational structures, appropriate processes and the required resources, facilities, autonomy and authority. It concludes by recommending an action plan for the Way Forward.</i>
5.	Target Reviewers of Drafts (who will be the right people to review and give feedback)	The announced Draft / Final Document is generally shared with: - NIC HODs/SIOs - eGD (DIT) - eGD (STQC) - NeGP Coordinators - OTC (NIC) - Working Groups - Expert committees - IT Secretaries Any other groups/ person(s) suggested: <i>ICT Industry including NASSCOM & MAIT and Academia</i>
